#### Guide to install taskbar extension

This TaskBar extension displays icons of running applications on the top panel or alternatively on a new bottom panel. Activate, minimize or close tasks with a simple click.

1. Open <u>https://extensions.gnome.org</u> on your browser

### 2. Search for the extension *Taskbar*

		Extensions	Add yours	Installed extensions	About	Log in 👻		
8	To control GNOME Shell extensions using this site you must install GNOME Shell integration that consists of two parts: browser extension and native host messaging application. <u>Click here to install browser extension</u> . See <u>wiki page</u> for native host connector installation instructions.							
	۹ įtaskbar							

### 3. Click on the extension
